Finest Food Products In Widest Variety

"Tell me what you eat and I'll tell you what you are," said the philosopher. He might with equal truth have said: "Tell me where you buy and I'll tell you what you get." If you buy here you get foods of finest quality, and in widest variety. Whatever your tastes—whether you like the rich and dainty things—or prefer just plain, wholesome eating. We have the goods to please you—all selected with utmost care, by men who know. We warrant the freshness and quality of everything we sell. And the prices are always reasonable. If you want a treat for breakfast try our

Electa Coffee

a coffee of improved flavor—slow-cooked and dry-cured, after long seasoning. It makes a delicious drink, because the bitter principle is extracted, but the real coffee tang is all there. A cup in the morning will "set you on your feet" and make the day's work easier. Sealed in flavor-tight tins while still hot, to preserve the natural flavor.

Meeting of County School Board.

The equalization of a number of the school children in each sub-district in the county was determined upon at a meeting of the County School Board Wednesday. An investigation of the number of school children schools had an overflow of pupils while others equally accessible to the same territory were able to accommodate from ten to twenty additional pupils. This condition of affairs is particularly applicable to the colored schools and the matter of rearranging each district was placed in the hands of a competent committee.

The board met in the office of County School Superintendent Miss Mabel Robbins, who addressed the board in the interest of a more equitable adjustment of the boundary lines and pointed out the advantages of both teacher and pupil to be gained by such a policy.

Miss Robbins gave in detail the sub-districts where improved conditions were needed. The following committees are appointed:

Jackstown and Letton Schools—R. H. Burris and J. T. Purdy; Deaver and Cane Ridge—R. H. Burris and Mrs. Albert Mitchell; Purdy—J. T. Purdy and J. T. Stewart; Jacksonville and Pleasant Green—D. C. Lisle and H. C. Clifford; Stony Point and Redmon—J. N. Mason and J. W. Tanner; Dudley—J. F. Ingels and Joe Jacoby; Glentown and Ruddles Mills—J. H. Turley and C. A. Harney; Millersburg and Shippville—J. T. Purdy and J. H. Stewart; Emsonville and Houston—F. Ingels and Joe Jacoby.

A motion postponing action in reference to a deficiency in school fund till the next meeting was adopted.

After making appropriations to pay claims aggregating \$324.07 the board adjourned.

Snow, Snow, Snow.

Some time during Wednesday night the "beautiful" began to fall and if there has been any let-ups in its falling since it has been when we were asleep. Thursday morning the ground was covered by six to ten inches of the white drapery. Last evening before going to press the snow was from 16 to 20 inches deep and huge drifts of several feet in many places. Several of the rural route boys were compelled to return to town before covering their entire route, and there is no telling how deep it will be this morning by the way it looks outside at this writing. It is the deepest snow for years in this city and county, and unprotected stock will no doubt suffer.

Cost of Living Increasing.

Farmers are now reaping the largest harvest ever known in this section from the sale of country produce, while consumers in the city who have everything to buy are complaining at the increase in the cost of living. Butter is scarce and high while eggs are 30 to 35 cents per dozen. Dressed fowls are high, chickens 18 to 20 cents per pound and turkeys at 25 cents per pound. In fact, town people are trying to figure out how they can live without eating.

Clean Your Sidewalks.

Mayor J. T. Hinton requests the citizens to clean the snow from the sidewalks in front of their business houses and residences, says he will promise to have the crossings and gutters kept in good condition by the city hands. If everybody will heed this request of Mayor Hinton the pedestrians will have no trouble in getting through the snow.

Stricken With Paralysis.

Col. John W. Powling, editor of the Nicholas Advocate and one of the best known men in that section of the State, was suddenly stricken with paralysis while attending the Council meeting at Carlisle Friday. His whole right side is affected, and his condition is serious.

Last year Judge Powling suffered a stroke which affected his left side, but from which he had apparently recovered.

To the Theater-Going Public.

Having again assumed the management of the Paris Grand Opera House, it will be my ambition to present a class of attractions second to none of any town of the size of Paris in the country. But to do this I must have the co-operation of the people. It will be an absolute impossibility for myself or any one else to secure the high class attractions unless they are liberally patronized.

On next Friday, January 7, I have what is considered the best Shubert attraction, "The Blue Mouse." This company is under a daily expense of over \$350, as are also most of the high class attractions, and it will be obvious to every one that unless the gross receipts are enough to enable them to come here without a loss, they are not going to come. I have received a personal letter from Mr. Decker, the general manager of the Shuberts, telling me it is up to me as to whether I get the Shubert shows in the future. If they do the right kind of business others will follow in regular order. If they do not, Paris will be scratched off the map as far as they are concerned.

Therefore I plead with every one who is interested in the success of the Grand, and want to see good attractions here, to go to Oberdorfer's drug store this morning and have their seats reserved. The attraction is one of the best, carrying a car load of scenery, and also every thing used in the production. I am constantly being told that the people of Paris will patronize good shows if I can get them. I will know Friday night whether they will or not.

Respectfully,
R. S. PORTER,
Mgr. The Grand.
